

Vision Zero Athens

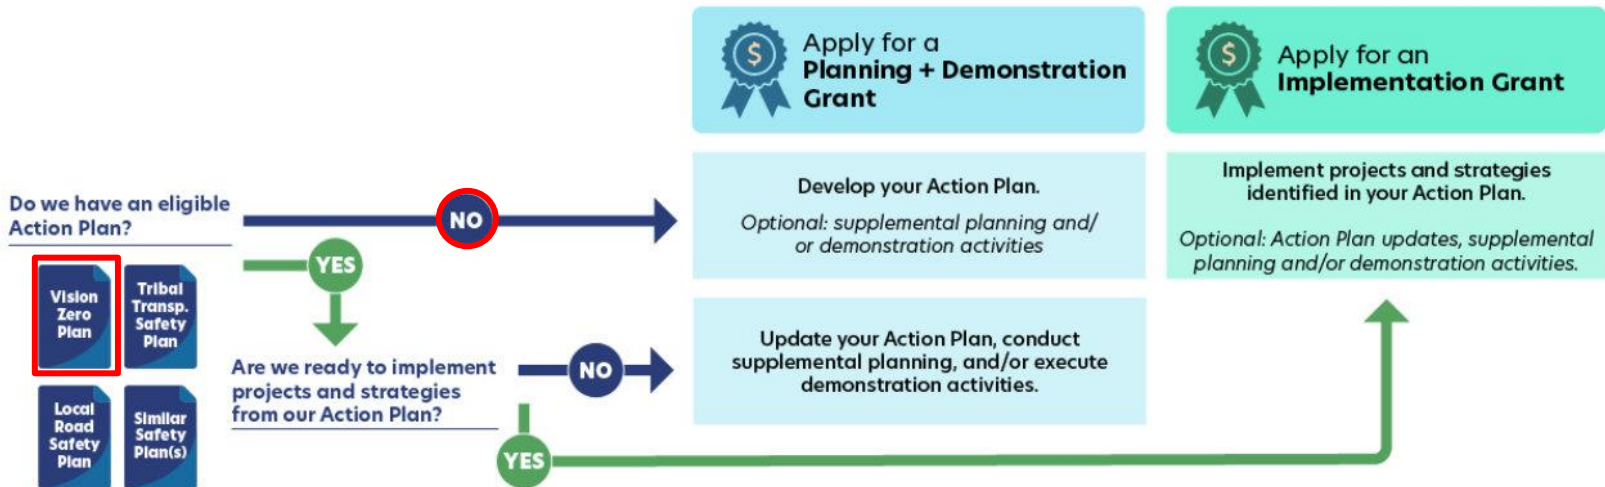

Vision Zero Athens — that no loss of life is acceptable on our city streets

What is Vision Zero Athens?

Vision Zero Athens is a strategy to work towards the elimination of all traffic fatalities and severe injuries, while increasing safe, healthy, and equitable mobility for all by the year 2040.

- By adopting a Vision Zero policy, the City of Athens will have a competitive advantage when applying for funding from the Federal Highway Administration's Safe Streets for All (SS4A) program.
- SS4A funding will support projects such as the development of a transportation action plan (Planning Funds) as well as capital projects (Implementation Funds) within the next three years.
